All applications with payment received on or prior to Sept 8,2008 will be included in the 4 week grading fixtures. Entries (with payments) for **Existing and New Teams** received by this date will be given priority into the competitions. Entries received after that date will be used on a date received basis to fill vacancies still existing within each competition.

Team applications must be accompanied by the **Entry Fee** and completed Team and Player Registration Forms. Please **PRINT CLEARLY** name and address and Date of Birth on registration form. It would be helpful if you printed the Players Details on a computer or typewriter so that the correct names are displayed on the Score Sheet. A signature is required from each player being registered and Date of Birth is required to validate identity for insurance claims.

Here are some Do's and Don't for teams and players

- **NO WHITE PLAYING TOPS** are permitted as the colour is reserved for the Association's alternative uniforms when a clash of colours occurs between teams. The first team named on the scoresheet must change if there is a clash of colour.
- Grand finalists will not have a break between seasons unless on a bye.
- **All** teams must be financial to start in the competition and to compete in finals.
- Players **MUST** be registered. Failure to do so can mean that the game may be forfeited. There are two ways to register a player.
 1. complete the Player Registration Form and submit when you submit your Team Registration.
 2. Enter the Player's Name, Address and Signature on the back of the scoresheet on the first occasion they play.
- After Round 1, if a player's name does not appear printed on the Scoresheet, then the player's name is to be written on the front of the scoresheet. The playing number, first name and last name must be completed. If the number only or number and first name only are written, then the game will be forfeited.

- If playing under someone else's singlet number, your name must appear against that number on the front of the scoresheet.
- The number "00" is NOT permitted and use will result in an "incorrect uniform" penalty of 10 points.

WAYS YOU CAN HELP US:

1. Make sure you give us COMPLETE contact information for your team. Home, Work and Mobile Numbers are handy and we find that the Mobile number is the one we are able to contact most people on. Your email address is a good standby for us and with that, we can also advise you of news etc. The same information for a second contact (living at a different address) is required. Changes to these details MUST be notified to the Grade Secretary.
2. Quite often, the number of players registered to a team makes it difficult to have the names and numbers printed on the scoresheet. We suggest that you provide us with a list of 7 or 8 regular players with their standard numbers (and make sure they don't change). If you have fill in players, you hand write them (full name) on the scoresheet with their number as well as register them if necessary.
3. If the use of alternate singlets is necessary, just write the temporary number in brackets after the name.
4. If you know during the day of your game that you will be giving a walkover, please advise the grade secretary so that the other team can be notified that they do not have to turn up. You would appreciate this courtesy if the situation were reversed.
5. There is a \$65 charge for a walkover whether it is notified or not. Please make sure that this is paid before your next game.
